

SANTIAGO LOCATELLI

SOFTWARE DEVELOPER

I have gained significant experience in web development, covering various technologies in both Frontend and Backend domains. For five years, I served as a teaching assistant, dedicating two and a half years on a voluntary basis. I undertook this experience with the belief that teaching is a reciprocal process of learning, providing a valuable opportunity to enhance my communication skills. I am characterized as a proactive individual who consistently strives to surpass personal limits.
